

The High Rock School Environmental Club

Our Goals:

- To spread awareness about environmental issues
- To teach students ways they can help the planet
- To make positive changes in the school community
- To make friends with similar interests

Meetings:

Meetings will be held on the first and third Thursday of each month from 2:10-2:45 p.m. They will be in Room 308, in the Cluster 5 hallway.

What we do:

The students decide! What issues are important to you? What creative ideas do you have?

In the past, we've:

- Sold reusable water bottles
- Planted trees
- Created a website with environmental facts and tips
- Watched videos to learn about issues
- Created videos and slideshows
- Made signs for the school
- Decorated flower pots and planted seeds
- Made bird feeders
- Built bird houses
- Made creations out of recycled materials
