iPads at High Rock

As part of the Needham School District's Personal Learning Initiative, incoming grade 6 students will be receiving a district owned iPad when they arrive at High Rock in September 2017.

Cases

Cases are included with the iPads provided by the school.

Apps

The school will provide the apps that will be used with students.

Keyboards

For all students, there are a number of keyboards available on a sharing basis.

Purchasing a Personally Owned iPad

Families may opt to purchase an iPad on their own. Any family owned iPad must be adequate to run all the school assigned apps and compatible with the infrastructure in the middle schools. In order to meet these requirements, parents/guardians who wish to provide a personally owned iPad, should buy the following model or newer:

iPad Air 2, 64 GB, 9.7 inch screen (not the mini)

If you prefer to purchase the ***exact model*** that the school will be providing for incoming grade 6 students, we recommend that you check back in May to the Information Technology Services web page http://rwd1.needham.k12.ma.us/information_technology/.

If you do plan to provide an iPad for your student, please contact the main office at High Rock School by the end of the school year.
